

Miami Springs Montessori School Mission Statement

Here at the Miami Springs Montessori School, our staff understands that Montessori is a basis for creative learning and intellectual curiosity and that each experience prepares the child at a later age to discriminate, analyze, classify, isolate and use critical thinking skills. The spiritual, intellectual, and physical power of the child is to be protected and nurtured while being allowed to develop at its own pace, at the same time they are accepting responsibility and accountability for their choices.

The two streams of energy, the psychomotor powers of the child are mental & physical. In a Montessori setting the need to walk, run, speak, sing, read, write, and compute are expressed through the use of the Montessori Materials designed for multisensory and physical exploration, and are accessible to the children for their use. The material is designed for self-testing and self-correcting. This puts the control in the hands of the child who comes to feel, "I can do it by myself."

*The Adult does not disturb the child when concentration is in process.

*The philosophy is that the only valid impulse to learning is the self motivation of the child.

*The Guide is the dynamic link between the child and the materials.

*Freedom of choice of materials develops interest, concentration, inner-discipline and initiative.

*A Montessori environment is an expression of Life.

"Education is a natural process carried out by the human individual and is acquired not by listening to words, but by experiences in the environment."

Maria Montessori

Thank you for your interest in our school.

Dear Parents:

February 1st we open our 2026 - 2027 Fall Registration. Our existing students need to submit a new application, along with their Re-registaion Fee of \$175.00 prior to March 1st. Applications received after March 1st will be put on our Waiting List.

New Registrations will be accepted on a first come ~ first serve basis.

See you this Fall Term!

Ms. Donna,
Director

"The greatest development is achieved during the first years of life, and therefore it is then that the greatest care should be taken."

~ Dr. Maria Montessori
